Empowering Growth: Creating Opportunities, Inspiring Excellence

August is a month to embrace new opportunities, strengthen our collective efforts, and continue turning our progress into meaningful achievements. At Vision University College, our journey of growth is shaped by a shared commitment to excellence, innovation, and continuous learning. Every programme, initiative, and accomplishment reflects the dedication of our students, staff, and academic community in creating a positive and supportive environment. Together, through teamwork, determination, and a shared vision, we can create meaningful opportunities, inspire positive change, and continue building a stronger and brighter future for our institution and our community.

AUGUST IN FOCUS

College Activity Week August 2026

College Activity Week 2026

Started with our Opening Ceremony and Dean's List Award Ceremony, celebrating the academic achievements, hard work, and dedication of our students. A meaningful start to an exciting week filled with fun activities, teamwork, and memorable moments together!

VISIONARIES

NEWSLETTER

The Futsal Tournament was held on 19 August 2026 as part of the XRKS Sports College Activity Week 2026. The tournament involved 45 Vision University students and was held at Able Farm Arena. The activity aimed to promote sportsmanship, teamwork, and interaction among students. The tournament was successfully conducted and received positive participation from the students.

The Badminton Tournament was held as part of the College Activity Week 2026, involving 35 Vision University students. The tournament provided an opportunity for students to participate in sports activities while promoting teamwork, sportsmanship, and healthy interaction among students. The activity was successfully conducted with active participation from the students.

The MLBB Tournament was held on 20 August 2026 as part of the College Activity Week 2026, involving 32 Vision University students. The tournament was held at Vision University and provided an opportunity for students to engage in competitive gaming while promoting teamwork, strategic thinking, and interaction among students. The activity was successfully conducted with active participation from the students.

Vision Health Camp 2.0 was conducted as a community outreach initiative, providing free medical screening and basic health check-ups to members of the community. The programme aimed to promote health awareness and encourage early detection of potential health concerns. The activity received positive participation from the local community and was successfully conducted.
