Moving Forward Together: Embracing Growth and Excellence

June marks a pivotal moment in our academic calendar, time to reflect on the milestones we have reached and to accelerate our pursuit of excellence.

At Vision University College, our true strength lies not just in individual dedication, but in our collective spirit. Every challenge we embrace and every effort we contribute weaves into the larger fabric of our institutional success. As we look ahead, let us continue to champion one another, innovate boldly, and keep our focus sharply on the impactful future we are building together.

JUNE IN FOCUS

Students from the July 2026 cohort stepped outside the classroom for an insightful visit to Muzium Negara.

Exploring history, culture, and new friendships at Muzium Negara. On Thursday, 18 June 2026, the new students of the July Intake 2026 took part in a visit to Muzium Negara, accompanied by the Counseling staff from Vision University College.

The visit was organised as part of Vision University College's student development activities to enhance students' appreciation of Malaysia's rich history and cultural heritage, while encouraging interaction, communication, and engagement among new students.

VISIONARIES

NEWSLETTER

Six Vision UC students recently represented the college at a 3-day, 2-night Youth Leadership Camp in Kalumpang, organised by MBPJ. We commend their proactive approach to personal development. Immersive experiences like this are vital in shaping the confident, capable, and forward thinking leaders we are proud to cultivate at Vision UC.

Vision University College continues to strengthen its academic development through the Workshop on APEL.C (Credit Award): Towards Becoming an APEL.C Centre and Practice-Based Assessment. The session provided valuable exposure to the implementation of APEL.C, which supports the recognition of prior experiential learning for credit award.

Showcasing Healthcare Excellence at the UniSZA Career Fair. Representing Vision University College at the recent UniSZA Career Fair, Dato' Dr. Nik Najib Bin Nik Abdul Rahman delivered an insightful presentation on our Advanced Diploma in Medical Ultrasonography. He provided prospective students with a comprehensive overview of the programme, highlighting Vision UC's hands-on training approach and the highly promising career pathways available in the medical imaging sector.

Connecting with future talents: Vision UC recently led an exciting school visit session at SMK Pendamaran Jaya, Klang (Dewan Leftenan Adnan) on 16 June 2026.
