Growing with Purpose: Strengthening Progress, Inspiring the Future

September is a time to reflect on the progress we have made, celebrate our achievements, and look ahead with renewed purpose and optimism.

At Vision University College, every step forward reflects our shared commitment to continuous improvement, meaningful learning, and excellence in education. The dedication and contributions of our students, staff, and wider academic community continue to create opportunities for personal growth, strengthen collaboration, and foster a positive and supportive learning environment. Together, with purpose, determination, and a shared commitment to excellence, we can build on our achievements, embrace new possibilities, and shape an even brighter and more meaningful future for Vision University College and the community we serve.

SEPTEMBER IN FOCUS

Smart Student's Guide to AI

Vision University College successfully conducted the Smart Student's Guide to AI: ChatGPT, Gemini, Perplexity & Beyond workshop, featuring Professor Emeritus Dr. Hamzah A. Rahman as the speaker. Students explored how AI can support academic research, problem-solving, document analysis, and exam preparation.

VISIONARIES

NEWSLETTER

Thank you to @foodforgelandangan for their Friday outreach with 16 students and 7 staff members.

We sincerely appreciate their continuous efforts to support the community. A big thank you to the Vision Community for the donations, pre-loved items, essential goods, and to our student and staff volunteers for their valuable time and support.

Courtesy Visit to the Royal Malaysia Police Headquarters (PDRM), Bukit Aman
Professor Emeritus Dr. Hamzah A. Rahman, Dato' Dr. Nik Najib Bin Nik Abdul Rahman, and Alif Najmi from Vision University College paid a courtesy visit to PDRM, Bukit Aman. The visit provided an opportunity to introduce Vision University College and explore areas related to law enforcement, security, and professional development.

Learning goes beyond theory .

It comes through practical experience.

Our Diploma in Opticianry students at Vision University College gained hands-on experience by conducting basic eye care assessments and developing their confidence and skills.

Interested in eye care? Start your journey with the Diploma in Opticianry at Vision University College.

The Security Risk Management & Security Operation subject, students took part in a roleplay activity to understand security situations, risk management, and operational responses.

Through this activity, students developed their communication, teamwork, problem-solving, and practical skills while applying what they learned in class.
